There's more.....

Redgrave Garden Club

STRULCH

Straw Mulch for Organic Gardening with Slug and Snail Deterrent

Strulch is a light and easy to use garden mulch made from wheat straw for organic gardening. A patented process is used to 'preserve' the straw so that it lasts for up to two years and gives an earthy brown colour.

Redgrave Garden Club is considering a bulk purchase of Strulch in 150 litre bags for the benefit of members because:-

- there are no distributors nearby
- delivery costs are high
- small quantities are expensive to buy

Each 150 litre bag would cost £13.50.

Please email redgravegardenclub@gmail.com if you are interested.

For more information on Strulch visit strulch.co.uk.
